My guess is that this is either the weekly federal “principals” meeting or the weekly state/federal “principals” meeting. They meet a lot in the BDCP world. We’ve never been to either of them, at least in recent years.

Maybe we’ll should ask Ken on Tuesday am.

Does anyone know what “meeting this week” Roger is referring to?

Letty meet Jane, Jane meet Letty,

Jane is our new Water Division Director in our San Francisco office. From what I heard at the CEQ meeting, it would be ideal to have some of our staff at your meeting this week to outline some of our concerns that Bob touched on...impacts to water quality and the underpinnings of 404 permitting.

Let me know if you have any questions,

Roger
